

Intellectual Property

Legal protection of intellectual property assets is critical for the success of new and established businesses. Seltzer Caplan McMahon Vitek's Intellectual Property practice is a forceful, effective ally of companies whose futures depend heavily on preventing intellectual property assets from being unfairly compromised in the marketplace.

SCMV attorneys counsel clients on the creation, licensing and sale of intellectual property rights as well as the protection of those rights, when necessary, through litigation. SCMV represents San Diego-based companies and businesses headquartered throughout the nation seeking Southern California representation when intellectual property issues arise.

Our firm's practice group, **The Trademark Group®**, is focused solely on the U.S. and international processes of trademark selection, registration and protection and includes a network of foreign attorneys who assist with foreign filings and trademark protection in more than 120 countries. Our trademark professionals can also assist in the formation, monitoring and protection of national and international portfolios.
